

Rapport DevOps — Mini Helpdesk API

Module: DevOps | Année: 2025-2026

Sujet: Plateforme de tickets de support (mini Helpdesk)

Étudiants: Mouaad Chakir & Souad Chakir

Dépôt: <https://github.com/mouaadchakir/devops-helpdesk-api>

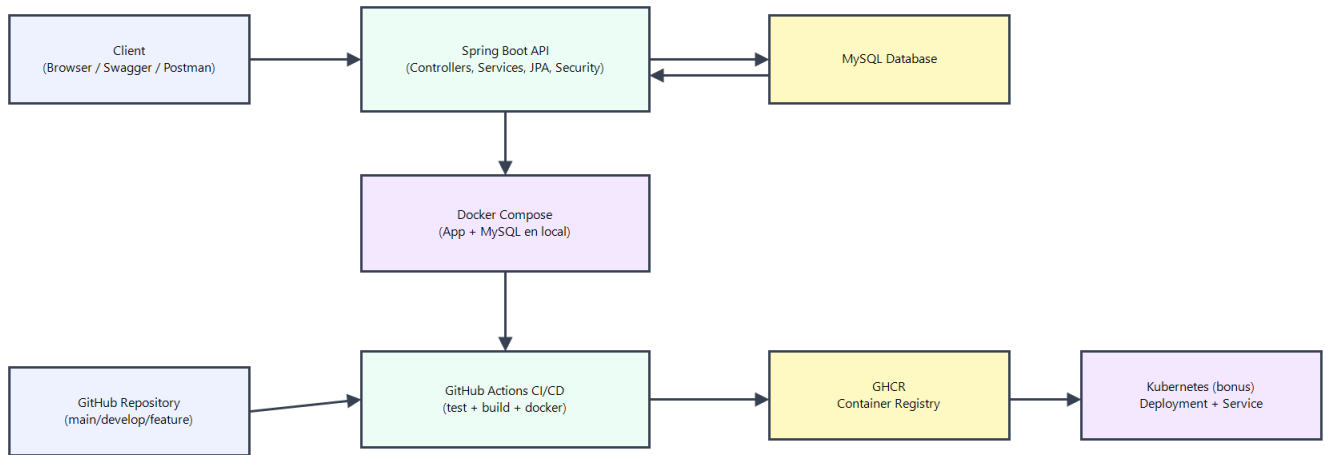

Contenu du rapport

1. Architecture globale
2. API et endpoints
3. Docker et exécution locale
4. Pipeline CI/CD et publication GHCR
5. Bonus Kubernetes

Les pages suivantes incluent les captures de preuve sans pages vides.

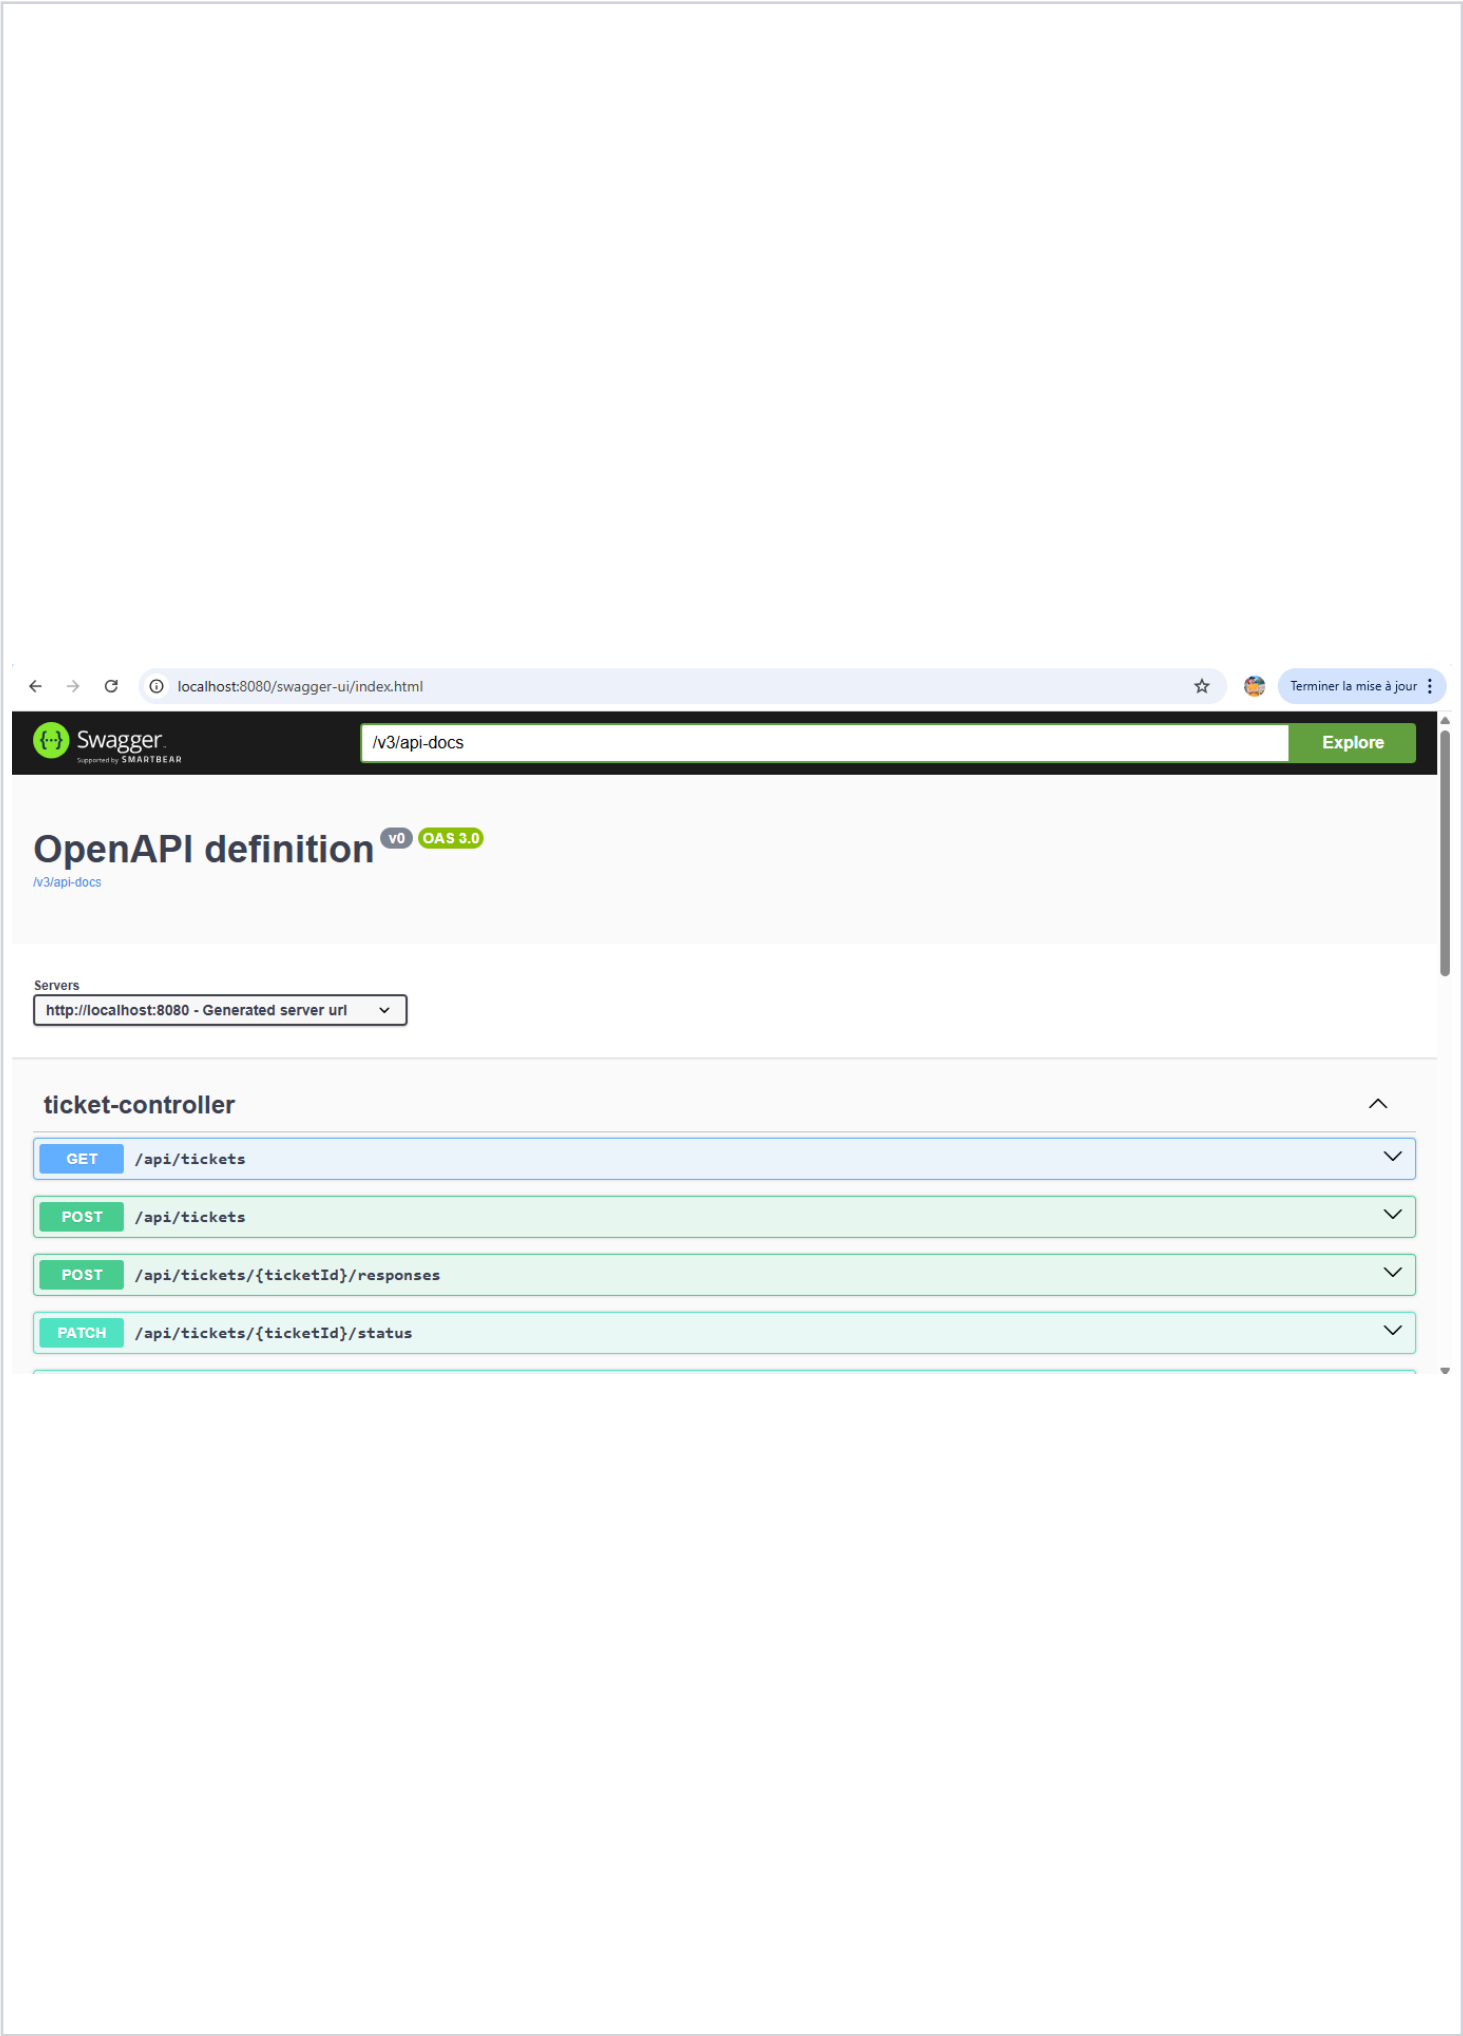

Capture 1: 01_architecture.png

Architecture globale — DevOps Helpdesk API

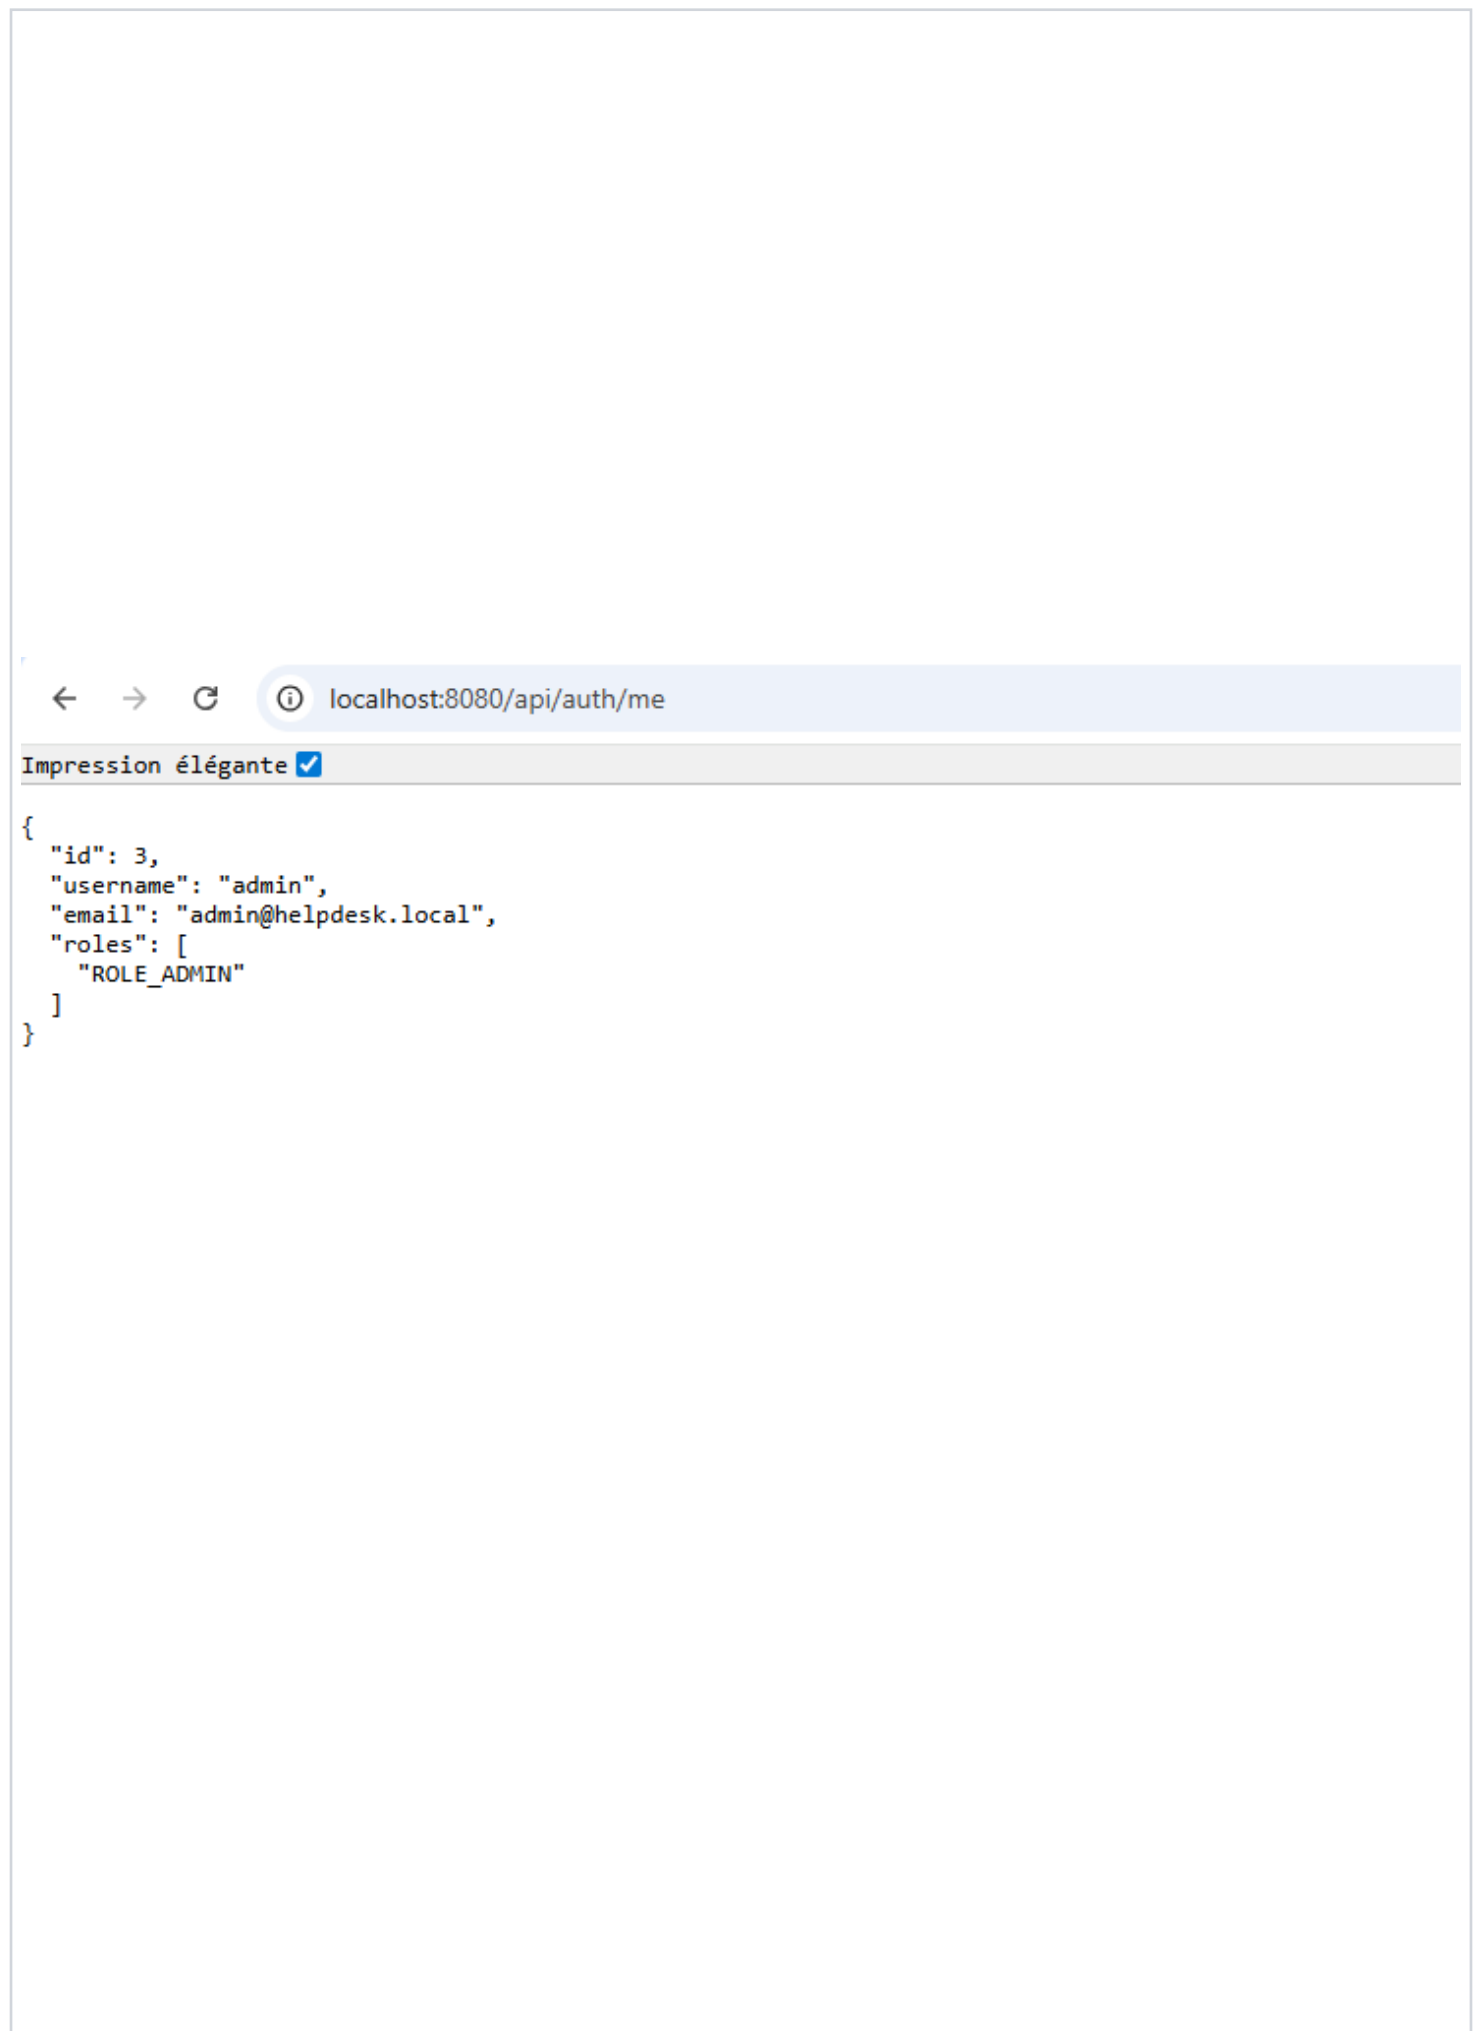

Flux Client → API ↔ DB | Repo → CI/CD → GHCR → Deploy

Capture 2: 02_swagger_home.png

Capture 3: 03_auth_me_success.png

Capture 4: 04_create_ticket.png

localhost:8080/swagger-ui/index.html#/ticket-controller/createTicket

```
curl -X 'GET' \
  'http://localhost:8080/api/tickets' \
  -H 'accept: */*'
```

Request URL

http://localhost:8080/api/tickets

Server response

Code	Details
200	Response body <pre>[{ "id": 2, "title": "string", "description": "string", "priority": "LOW", "status": "OPEN", "createdByUsername": "user", "assignedAgentUsername": null, "createdAt": "2026-05-04T15:10:08", "updatedAt": "2026-05-04T15:10:08", "responses": [] }, { "id": 1, "title": "string", "description": "string", "priority": "LOW", "status": "RESOLVED", "createdByUsername": "user", "assignedAgentUsername": "admin", "createdAt": "2026-05-04T15:10:05", "updatedAt": "2026-05-04T15:10:05", "responses": [] }]</pre> Download

Capture 5: 05_update_status_or_assign.png

The screenshot displays the Swagger UI interface in a web browser. The browser's address bar shows the URL `localhost:8080/swagger-ui/index.html#/ticket-controller/updateStatus`. The interface is divided into several sections:

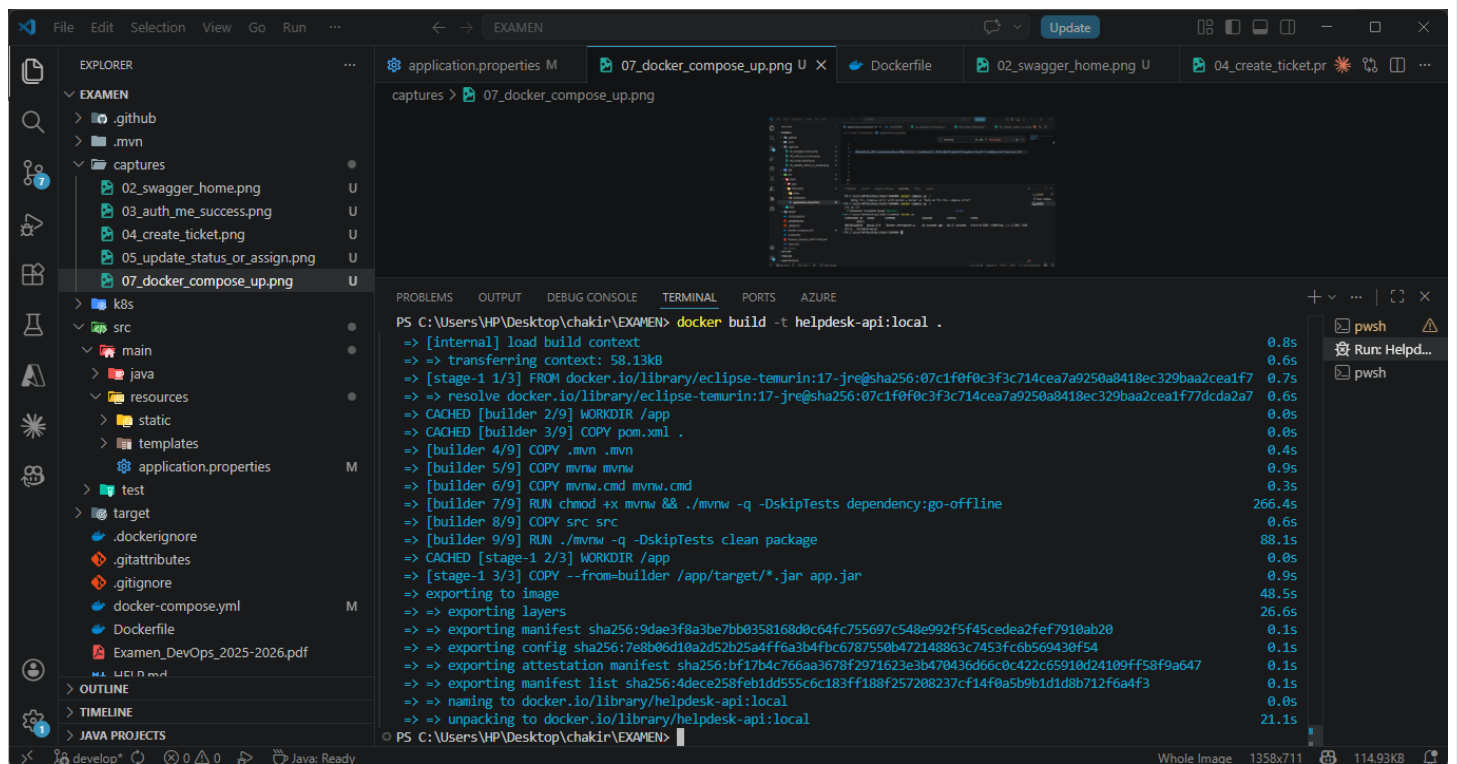

- Curl:** A dark text box containing the following cURL command:

```
curl -X 'PATCH' \
  'http://localhost:8080/api/tickets/1/status' \
  -H 'accept: */*' \
  -H 'Content-Type: application/json' \
  -d '{
    "status": "OPEN"
  }'
```
- Request URL:** A dark text box showing the URL `http://localhost:8080/api/tickets/1/status`.
- Server response:** A section with two tabs: **Code** (selected) and **Details**.
- Response body:** A dark text box showing the JSON response for a 200 status code:

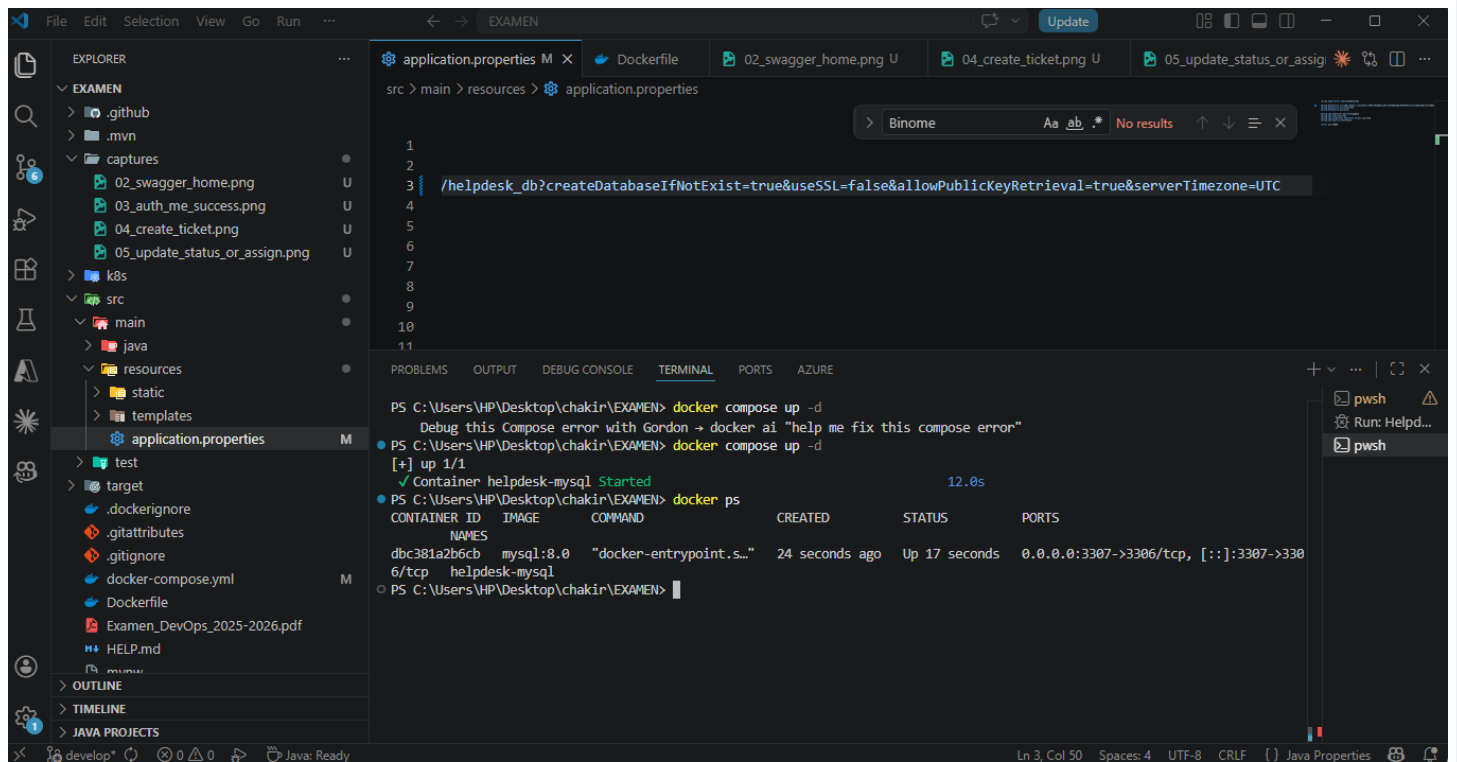

```
{
  "id": 1,
  "title": "string",
  "description": "string",
  "priority": "LOW",
  "status": "OPEN",
  "createdByUsername": "user",
  "assignedAgentUsername": "admin",
  "createdAt": "2026-05-04T15:10:05",
  "updatedAt": "2026-05-04T16:48:31.5715049",
  "responses": [
    {
      "id": 1,
      "message": "string",
      "authorUsername": "agent",
      "createdAt": "2026-05-04T16:47:48"
    }
  ]
}
```
- Response headers:** A section that is currently empty.

The bottom of the image shows the Windows taskbar with the search bar labeled "Rechercher", several application icons, and the system clock indicating 16:48 on 04/05/2026.
